Mayor's Corner

From where I sit composing this missive I can see a large patch of rhubarb exploding with massive leaves, a lilac bush cracking its colour like a preening peacock and a flowering crab tree readying itself to burst into a sea of blossoms. It feels like it has been a long spring, lots of damp days with hints of really nice weather just around the corner.

It will not be long before the last bell will dismiss the students for the summer and some parents start counting the days till school starts again. Once again the Oxford Recreation Commission and the Minor Ball will be looking for volunteers to help with summer programming. As they say "many hands make light work".

The Town of Oxford is looking for an individual to sit on our Audit committee. This is not a huge commitment in terms of time, but a strong knowledge of the fundamentals of accounting would be an asset. While some town committees mandate members must be a town resident, this position is open to county and towns people. If you think you may be interested, please contact the Oxford Town Hall.
