On April 12th, 1980, Terry Fox began his run across Canada to raise money for Cancer research. It was Cancer that forced him to stop on September 1st, 1980, having run 5373 kilometres.

On **September 14th**, we have the honour of finishing Terry's run, right here in Oxford. Join us as we celebrate his legacy and continue his efforts to raise funds for Cancer research.

**OREC Track – Registration: 1:30pm – Run–Walk–Roll: 2:00pm**

Continue Terry's legacy by walking or running OREC's track!

1km = 2.5 laps – 5km = 12.5 laps

To sign up go to <https://run.terryfox.ca/oxford>

Let's make Oxford's return to this important event an incredible one!

## Fall Recreation Programs!

Our Fall Recreation Programs will be open for registration, **Monday September 22<sup>nd</sup>**!

Watch for announcements on our Town of Oxford Recreation Facebook Page!

# Mayor's Corner

The one question I get asked most frequently is: "When are you going to pave Main Street?" My standard response is "when we have enough money in our reserves to qualify for 50-cent dollars, so we can upgrade the infrastructure underneath the asphalt. You would not paint your house if the siding was rotting, why would the town start paving roads if the infrastructure under the road needs replacement?"

On more than one occasion, decisions regarding paving have been based on public opinion, not on what is the best plan for long-term infrastructure upgrades. It is far more financially responsible to fix it once as opposed to fixing it twice.

This being said, it is the hope and intention that Main Street will be the next major project that the Town undertakes. This would include replacement of deteriorating water mains, upgrades to storm drains and the repaving of Main Street. Let's hope nothing derails this plan.
